

# Proposed changes to the Bristol and Bath Railway Path

**Key:**

- █ Direct connection from Saltford
- █ Improved lighting, signage, and repairs
- █ Possible new cycle route

Links to A4 via High Street, Norman Road and Beech Road

SALT FORD

Options for better cycle access to be explored

New lighting, signage and repairs (subject to impact on wildlife)

Create easier access for cyclists by removing gate with new bollard at end of existing path at Brassmill Lane

Connections from A4 and surrounding area to be improved via other projects

BATH

Potential new cycle route along disused railway line

Existing route to city centre along towpath
